## Product Datasheet

### Human WD repeat-containing protein mio (MIOS) ELISA Kit ASC-KTE61610

Artikelname	Human WD repeat-containing protein mio (MIOS) ELISA Kit
Artikelnummer	ASC-KTE61610
Hersteller Artikelnummer	KTE61610
Alternativnummer	ASC-KTE61610-48, ASC-KTE61610-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human WD repeat-containing protein mio (MIOS) ELISA Kit employs a two-site sandwich ELISA to quantitate MIOS in samples. An antibody specific for MIOS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MIOS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MIOS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MIOS bound in the initial step. The color development is stopped and the intensity of the color is measured.
