### Human Putative malate dehydrogenase 1B (MDH1B) ELISA Kit ASC-KTE61680

Artikelname	Human Putative malate dehydrogenase 1B (MDH1B) ELISA Kit
Artikelnummer	ASC-KTE61680
Hersteller Artikelnummer	KTE61680
Alternativnummer	ASC-KTE61680-48, ASC-KTE61680-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Putative malate dehydrogenase 1B (MDH1B) ELISA Kit employs a two-site sandwich ELISA to quantitate MDH1B in samples. An antibody specific for MDH1B has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MDH1B present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MDH1B is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MDH1B bound in the initial step. The color development is stopped and the intensity of the color is measured.
