Human Methionine adenosyltransferase 2 subunit beta (MAT2B) ELISA Kit ASC-KTE61713

Artikelname	Human Methionine adenosyltransferase 2 subunit beta (MAT2B) ELISA Kit
Artikelnummer	ASC-KTE61713
Hersteller Artikelnummer	KTE61713
Alternativnummer	ASC-KTE61713-48, ASC-KTE61713-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Methionine adenosyltransferase 2 subunit beta (MAT2B) ELISA Kit employs a two-site sandwich ELISA to quantitate MAT2B in samples. An antibody specific for MAT2B has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any MAT2B present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MAT2B is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MAT2B bound in the initial step. The color development is stopped and the intensity of the color is measured.
