### Human Microtubule-associated serine/threonine-protein kinase 1 (MAST1) ELISA Kit ASC-KTE61719

Artikelname	Human Microtubule-associated serine/threonine-protein kinase 1 (MAST1) ELISA Kit
Artikelnummer	ASC-KTE61719
Hersteller Artikelnummer	KTE61719
Alternativnummer	ASC-KTE61719-48, ASC-KTE61719-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Microtubule-associated serine/threonine-protein kinase 1 (MAST1) ELISA Kit employs a two-site sandwich ELISA to quantitate MAST1 in samples. An antibody specific for MAST1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and anyMAST1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for MAST1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of MAST1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
