Human Dihydrotestosterone (DHT) ELISA Kit ASC-KTE62064

Artikelname	Human Dihydrotestosterone (DHT) ELISA Kit
Artikelnummer	ASC-KTE62064
Hersteller Artikelnummer	KTE62064
Alternativnummer	ASC-KTE62064-48, ASC-KTE62064-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Dihydrotestosterone (DHT) ELISA Kit employs a two-site sandwich ELISA to quantitate DHT....
Detektionsbereich	Please inquire

Tag	DHT
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Dihydrotestosterone (DHT) ELISA Kit employs a two-site sandwich ELISA to quantitate DHT in samples. An antibody specific for DHT has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any DHT present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for DHT is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of DHT bound in the initial step. The color development is stopped and the intensity of the color is measured.
