Human Dehydroepiandrosterone,DHEA ELISA Kit ASC-KTE62071

Artikelname	Human Dehydroepiandrosterone,DHEA ELISA Kit
Artikelnummer	ASC-KTE62071
Hersteller Artikelnummer	KTE62071
Alternativnummer	ASC-KTE62071-48, ASC-KTE62071-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Tag	DHEA
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Dehydroepiandrosterone, DHEA ELISA Kit employs a two-site sandwich ELISA to quantitate DHEA in samples. An antibody specific for DHEA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any DHEA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for DHEA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of DHEA bound in the initial step. The color development is stopped and the intensity of the color is measured.
