## Product Datasheet

### Human Diacylglycerol kinase alpha (DGKA) ELISA Kit ASC-KTE62083

Artikelname	Human Diacylglycerol kinase alpha (DGKA) ELISA Kit
Artikelnummer	ASC-KTE62083
Hersteller Artikelnummer	KTE62083
Alternativnummer	ASC-KTE62083-48, ASC-KTE62083-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Diacylglycerol kinase alpha (DGKA) ELISA Kit employs a two-site sandwich ELISA to quantitate DGKA in samples. An antibody specific for DGKA has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any DGKA present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for DGKA is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of DGKA bound in the initial step. The color development is stopped and the intensity of the color is measured.
