Human C-C motif chemokine 26 (CCL26) ELISA Kit ASC-KTE62502

Artikelname	Human C-C motif chemokine 26 (CCL26) ELISA Kit
Artikelnummer	ASC-KTE62502
Hersteller Artikelnummer	KTE62502
Alternativnummer	ASC-KTE62502-48, ASC-KTE62502-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human C-C motif chemokine 26 (CCL26) ELISA Kit employs a two-site sandwich ELISA to quantitate CCL26 in samples. An antibody specific for CCL26 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any CCL26 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for CCL26 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of CCL26 bound in the initial step. The color development is stopped and the intensity of the color is measured.
