## Product Datasheet

### Human Prostaglandin-H2 D-isomerase (PTGDS) ELISA Kit ASC-KTE62539

Artikelname	Human Prostaglandin-H2 D-isomerase (PTGDS) ELISA Kit
Artikelnummer	ASC-KTE62539
Hersteller Artikelnummer	KTE62539
Alternativnummer	ASC-KTE62539-48, ASC-KTE62539-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Prostaglandin-H2 D-isomerase (PTGDS) ELISA Kit employs a two-site sandwich ELISA to quantitate PTGDS in samples. An antibody specific for PTGDS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PTGDS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PTGDS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PTGDS bound in the initial step. The color development is stopped and the intensity of the color is measured.
