### Human Parathyroid hormone (PTH) ELISA Kit ASC-KTE62624

Artikelname	Human Parathyroid hormone (PTH) ELISA Kit
Artikelnummer	ASC-KTE62624
Hersteller Artikelnummer	KTE62624
Alternativnummer	ASC-KTE62624-48, ASC-KTE62624-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Parathyroid hormone (PTH) ELISA Kit employs a two-site sandwich ELISA to quantitate PTH in samples. An antibody specific for PTH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PTH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PTH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PTH bound in the initial step. The color development is stopped and the intensity of the color is measured.
