## Product Datasheet

### Human Anti-Mullerian hormone (AMH) ELISA Kit ASC-KTE62640

Artikelname	Human Anti-Mullerian hormone (AMH) ELISA Kit
Artikelnummer	ASC-KTE62640
Hersteller Artikelnummer	KTE62640
Alternativnummer	ASC-KTE62640-48, ASC-KTE62640-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Anti-Mullerian hormone (AMH) ELISA Kit employs a two-site sandwich ELISA to quantitate AMH in samples. An antibody specific for AMH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any AMH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for AMH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of AMH bound in the initial step. The color development is stopped and the intensity of the color is measured.
