### Mouse Luteinizing hormone (LH) ELISA Kit ASC-KTE71177

Artikelname	Mouse Luteinizing hormone (LH) ELISA Kit
Artikelnummer	ASC-KTE71177
Hersteller Artikelnummer	KTE71177
Alternativnummer	ASC-KTE71177-48, ASC-KTE71177-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Mouse
Produktbeschreibung	This Mouse Luteinizing hormone (LH) ELISA Kit employs a two-site sandwich ELISA to quantitate LH....
Detektionsbereich	Please inquire

Tag	LH
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Mouse Luteinizing hormone (LH) ELISA Kit employs a two-site sandwich ELISA to quantitate LH in samples. An antibody specific for LH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any LH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for LH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of LH bound in the initial step. The color development is stopped and the intensity of the color is measured.
