PurKine(TM) His-Tag Protein Purification Kit (Ni-NTA) ASC-KTP2001

Artikelname	PurKine(TM) His-Tag Protein Purification Kit (Ni-NTA)
Artikelnummer	ASC-KTP2001
Hersteller Artikelnummer	KTP2001
Alternativnummer	ASC-KTP2001-1
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Produktbeschreibung	PurKine(TM) His Tagged Protein Purification Protein Purification Kit...
Tag	His Tag
Anwendungsbeschreibung	<p>PurKine(TM) His-Tag Protein Purification Kit effectively purifies high levels of overexpressed His-tagged fusion proteins in gravity column procedures at a variety of scales. The Resin in kit consists of 90µm beads of highly cross-linked 4% agarose, to which Nilotriacetic acid (NTA) has been coupled. The chelating group has then been charged with nickel ions (Ni²⁺). Tests confirm that performance equals or exceeds popular Ni-NTA resins from other suppliers, and no decrease in performance occurs after at least five repeated uses.</p>
