## Product Datasheet

### **SARS CoV2 Spike S1 Antibody (Clone: ABM3D6.1G6) (13-33aa), Clone: [ABM3D6.1G6], Mouse, Monoclonal ABI-10-10042**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Immunogen                | A Synthetic peptide of SARS CoV2 spike Protein (amino acids 13-33) was used as the immunogen for this antibody. It is specific for SARS-CoV2.                                                                                                                 |
| Produktbeschreibung      | The spike (S) protein of nCoV/SARS-CoV-2/COVID-19 is one of the structural glycoproteins that remains embedded in viral envelope and acts as the fundamental component of early viral infection of nCoV/SARS-CoV-2/COVID-19 upon binding the host receptor... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ABM3D6.1G6]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P0DTC2</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein G Purification                                                                                                                                                                                                                                        |

|                        |                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------|
| Formulierung           | Purified                                                                                                       |
| Application Verdünnung | Recommended dilutions: WB: 0.5-1 µg/ml. However, this need to be optimized based on the research applications. |
