Recombinant anti-human-IL-1 beta Antibody (Canakinumab), Other, Monoclonal ABI-10-2003

Artikelname	Recombinant anti-human-IL-1 beta Antibody (Canakinumab), Other, Monoclonal
Artikelnummer	ABI-10-2003
Hersteller Artikelnummer	10-2003
Alternativnummer	ABI-10-2003-50UG
Hersteller	Abeomics
Wirt	Other
Kategorie	Antikörper
Applikation	ELISA, FA, FACS, ICC, IHC, IP
Spezies Reaktivität	Human
Produktbeschreibung	Target: IL-1 Beta Generic name: Canakinumab Product Origin: Recombinant in CHO cells Canakinumab is a recombinant, human anti-human-IL-1betamonoclonal antibody that belongs to the IgG1/kappa isotype subclass with a molecular mass of 145157 Daltons wh...
Klonalität	Monoclonal
NCBI	3553
UniProt	P01584
Reinheit	Purity: >98.0% as determined by SEC-HPLC & SDS-PAGE.

Formulierung	Purified
Application Verdünnung	Specificity: Human IL1 beta. Does not cross react with other members of the interleukin-1 family. Inquire for more than 1 mg quantities. Availability 5-7 weeks.
