| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FACS, WB                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A partial length recombinant TLR6 protein (amino acids 280-512) was used as the immunogen for this antibody.                                                                                                                                                  |
| Produktbeschreibung      | TLR6 (Toll-Like Receptors 6) is a member of the TLR (Toll-like receptor) family that plays a fundamental role in pathogen recognition and activation of innate immunity. TLR6 forms heterodimers with TLR1 and TLR2, which is the initial step in a cascad... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ABM1B50]                                                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">10333</a>                                                                                                                                                                                                                                         |

|                        |                                                                                 |
