### Polyclonal Antibody to Inhibin, Rabbit ABI-11-7553

|                          |   |
|--------------------------|---|
| Artikelname              | Polyclonal Antibody to Inhibin, Rabbit  |
| Artikelnummer            | ABI-11-7553   |
| Hersteller Artikelnummer | 11-7553   |
| Alternativnummer         | ABI-11-7553-100UG   |
| Hersteller               | Abeomics  |
| Wirt                     | Rabbit  |
| Kategorie                | Antikörper  |
| Applikation              | WB  |
| Spezies Reaktivität      | Human   |
| Immunogen                | A partial length recombinant Inhibin alpha protein (amino acids 196-366) was used as the immunogen for this antibody.   |
| Produktbeschreibung      | Inhibin alpha (INHA) are dimeric glycoproteins that are structurally and functionally related to transforming growth factor-beta and are composed of 1 Alpha-subunit and 1 of 2 beta-subunits (betaA or betaB). Inhibin, first identified as a hormone reg... |
| Klonalität               | Polyclonal  |
| NCBI                     | <a href="#">3623</a>  |
| UniProt                  | <a href="#">P05111</a>  |
| Reinheit                 | Protein A Chromatography  |

|                        |                                  |
|------------------------|----------------------------------|
| Formulierung           | Purified                         |
| Target-Kategorie       | Inhibin                          |
| Application Verdünnung | Western blot analysis: 1-2 µg/ml |
