| Alternativnummer         | ABI-32-5432-0.5MG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Source : The E.coli derived recombinant protein contains the HCV NS3 immunodominant regions, amino acids 1192-1459. The protein is fused to a GST tag at N-Terminus. HCV is a small 50nm, enveloped, single-stranded, positive sense RNAvirus in the famil... |
| Reinheit                 | Protein is >95% pure as determined by 10% PAGE (coomassie staining).                                                                                                                                                                                          |
| Antibody Type            | Recombinant Antibody                                                                                                                                                                                                                                          |
