| Alternativnummer         | ABI-32-6633-150UG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | FA                                                                                                                                                                                                                                                            |
| Produktbeschreibung      | Source: HEK293 CellsSterile Filtered clear solution.ACE-2 (Angiotensin converting enzyme 2) an enzyme bound to cell membranes in various organs such as intestines arteries , lungs, heart & kidney. ACE2 an entry receptor of SARS coronaviruses as well ... |
| Reinheit                 | ACE-2 Protein is >95% pure as determined SDS-PAGE.                                                                                                                                                                                                            |
| Application Verdünnung   | ACE2 activity was measured by its binding ability in a functional ELISA. The immobilized Recombinant Human ACE2 protein binds to SARS CoV2 Spike protein Receptor Binding Domain at 2ug per ml.                                                               |
