| Wirt                     | Rat                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                         |
| Applikation              | FC, NeA, Stim                                                                                                                                                                      |
| Spezies Reaktivität      | Mouse                                                                                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                       |
| Produktbeschreibung      | This is a AF/LE Purified Anti-Mouse IL-4 Flow Cytometry Antibody from Reddot Biotech. This product is for Research Use Only....                                                    |
| Klonalität               | Monoclonal                                                                                                                                                                         |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                          |
| Puffer                   | 0.2 µm filtered in PBS, pH7.2. Azide Free (AF)/Low Endotoxin (LE): Contains no stabilizers or preservatives. Endotoxin level is < 2 EU/mg as Determined by LAL gel clotting assay. |
