| Kategorie                | Kits/Assays                                                                                                                                                                                                                         |
| Applikation              | ELISA                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                               |
| Produktbeschreibung      | This Human Agouti Related Protein (AGRP) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 78.125-5000pg/mL                                                                                                                                                                                                                    |
| Sensitivitaet            | 27pg/mL                                                                                                                                                                                                                             |
| Proben                   | serum, plasma and other biological fluids                                                                                                                                                                                           |
| Target-Kategorie         | Human Agouti Related Protein (AGRP)                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                              |
