| Hersteller               | reddot Biotech                                                                                                                                                                                                                                                |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Mouse Hepatocyte Cell Adhesion Molecule (HepaCAM) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research U... |
| Detektionsbereich        | 78.1-5000pg/mL                                                                                                                                                                                                                                                |
| Sensitivitaet            | 27pg/mL                                                                                                                                                                                                                                                       |
| Proben                   | serum, plasma, tissue homogenates and other biological fluids                                                                                                                                                                                                 |
| Target-Kategorie         | Mouse Hepatocyte Cell Adhesion Molecule (HepaCAM)                                                                                                                                                                                                             |
| Anwendungsbeschreibung   | Assay Length: 4.5 hours. Experimental Method: Sandwich                                                                                                                                                                                                        |
