| Alternativnummer         | RDD-RDR-GDF2-MU-96,RDD-RDR-GDF2-MU-48                                                                                                                                                                                                                         |
| Hersteller               | reddot Biotech                                                                                                                                                                                                                                                |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Mouse Growth Differentiation Factor 2 (GDF2) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological flu... |
| Detektionsbereich        | 12.5-800pg/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 5.7pg/mL                                                                                                                                                                                                                                                      |
| Proben                   | serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                        |
| Target-Kategorie         | Mouse Growth Differentiation Factor 2 (GDF2)                                                                                                                                                                                                                  |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
