| Hersteller               | reddot Biotech                                                                                                                                                                                                                                                |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Human Interleukin 10 (IL10) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids . This produc... |
| Detektionsbereich        | 31.2-2000pg/mL                                                                                                                                                                                                                                                |
| Sensitivitaet            | 11.3pg/mL                                                                                                                                                                                                                                                     |
| Proben                   | serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                        |
| Target-Kategorie         | Human Interleukin 10 (IL10)                                                                                                                                                                                                                                   |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                                          |
