## Product Datasheet

### Human G-CSF, Clone: [PSH13-13], Unconjugated, Rabbit, Monoclonal HBO-HA725002

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Artikelname              | Human G-CSF, Clone: [PSH13-13], Unconjugated, Rabbit, Monoclonal     |
| Artikelnummer            | HBO-HA725002                                                         |
| Hersteller Artikelnummer | HA725002                                                             |
| Alternativnummer         | HBO-HA725002                                                         |
| Hersteller               | HUABIO                                                               |
| Wirt                     | Rabbit                                                               |
| Kategorie                | Antikörper                                                           |
| Applikation              | ELISA                                                                |
| Spezies Reaktivität      | Human                                                                |
| Immunogen                | Recombinant protein within Human G-CSF protein aa 31-204 (HA210840). |
| Konjugation              | Unconjugated                                                         |
| Klonalität               | Monoclonal                                                           |
| Konzentration            | 1 mg/mL.                                                             |
| Klon-Bezeichnung         | [PSH13-13]                                                           |
| UniProt                  | <a href="#">P09919</a>                                               |
| Puffer                   | PBS (pH7.4).                                                         |
| Reinheit                 | Protein A affinity purified.                                         |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                                         |
| Application Verdünnung | ELISA(Det): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH13-12] to Human G-CSF antibody (Capture) (HA725001) and recombinant Human G-CSF protein (HA210840) as the standard. The reference range value |
