## Product Datasheet

### Mouse CCL5/RANTES, Clone: [PSH14-15], Unconjugated, Rabbit, Monoclonal HBO-HA725046

|                          |                                                                        |
|--------------------------|------------------------------------------------------------------------|
| Artikelname              | Mouse CCL5/RANTES, Clone: [PSH14-15], Unconjugated, Rabbit, Monoclonal |
| Artikelnummer            | HBO-HA725046                                                           |
| Hersteller Artikelnummer | HA725046                                                               |
| Alternativnummer         | HBO-HA725046                                                           |
| Hersteller               | HUABIO                                                                 |
| Wirt                     | Rabbit                                                                 |
| Kategorie                | Antikörper                                                             |
| Applikation              | ELISA                                                                  |
| Spezies Reaktivität      | Mouse                                                                  |
| Immunogen                | Recombinant protein within Mouse CCL5/RANTES aa 24-91 (HA211095).      |
| Konjugation              | Unconjugated                                                           |
| Klonalität               | Monoclonal                                                             |
| Konzentration            | 1 mg/mL.                                                               |
| Klon-Bezeichnung         | [PSH14-15]                                                             |
| UniProt                  | <a href="#">P30882</a>                                                 |
| Puffer                   | PBS (pH7.4).                                                           |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A affinity purified.                                                                                                                                                                                                                                    |
| Formulierung           | Liquid                                                                                                                                                                                                                                                          |
| Application Verdünnung | ELISA(Cap): Use at an assay dependent concentration. Can be paired for Sandwich ELISA with Rabbit monoclonal [PSH14-16] to Mouse CCL5/RANTES antibody (Detector) (HA725047) and recombinant Mouse CCL5/RANTES protein (HA211095) as the standard. The reference |
