### GRAF (2M19) Rabbit Monoclonal Antibody, Unconjugated EKL-AMRE11734

|                          |                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------|
| Artikelname              | GRAF (2M19) Rabbit Monoclonal Antibody, Unconjugated                                           |
| Artikelnummer            | EKL-AMRE11734                                                                                  |
| Hersteller Artikelnummer | AMRe11734                                                                                      |
| Alternativnummer         | EKL-AMRE11734-50UL, EKL-AMRE11734-100UL, EKL-AMRE11734-200UL                                   |
| Hersteller               | EnkiLife                                                                                       |
| Wirt                     | Rabbit                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | IHC, WB                                                                                        |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                              |
| Konjugation              | Unconjugated                                                                                   |
| Produktbeschreibung      | GTPase-activating protein for RHOA and CDC42. GTPase-activating protein for RHOA and CDC42.... |
| Klonalität               | Monoclonal                                                                                     |
| Molekulargewicht         | 92kDa                                                                                          |
| NCBI                     | <a href="#">23092</a>                                                                          |
| UniProt                  | <a href="#">Q9UNA1</a>                                                                         |

|                        |                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% New type preservative N and 50% glycerol. Store at +4C short term. Store at -20C long term. Avoid freeze / thaw cycle. |
| Reinheit               | Affinity purification                                                                                                                                                                      |
| Formulierung           | Liquid                                                                                                                                                                                     |
| Target-Kategorie       | ARHGAP26                                                                                                                                                                                   |
| Application Verdünnung | WB 1:1000-1:5000,IHC 1:50-1:100                                                                                                                                                            |
