| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Produktbeschreibung      | MAP2K2, also known as MEK2, belongs to the STE grouping of kinases. Both MEK2 and the related MEK1 are dualspecificity kinases, phosphorylating and activating the mitogen-activated protein kinases ERK1 and ERK2 at T and Y positions within the phospho... |
| NCBI                     | <a href="#">109587</a>                                                                                                                                                                                                                                        |
| Formulierung             | Supplied as a lyophilized powder.                                                                                                                                                                                                                             |
