| Hersteller Artikelnummer | 573841                                                                                                                                                                                                                                                        |
| Alternativnummer         | USB-573841-50,USB-573841-100                                                                                                                                                                                                                                  |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant protein corresponding to aa1-179 from human tyrosine-protein phosphatase non-receptor type 22 protein.                                                                                                                                            |
| Produktbeschreibung      | Acts as negative regulator of T-cell receptor (TCR) signaling by direct dephosphorylation of the Src family kinases LCK and FYN, ITAMs of the TCRz/CD3 complex, as well as ZAP70, VAV, VCP and other key signaling molecules. Applications: Suitable for u... |
| UniProt                  | <a href="#">Q9Y2R2</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid in 0.01M PBS, pH 7.4, 0.03% Proclin 300, 50% glycerol. Labeled with Biotin.                                                                                                                                                              |
