| Hersteller Artikelnummer | C2097-42D                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-C2097-42D-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide corresponding to CGVNTMASSAVVD, from human CTSF, at C-terminal (NP_003784.2).                                                                                                                                                               |
| Produktbeschreibung      | Cathepsins are papain family cysteine proteinases that represent a major component of the lysosomal proteolytic system. Cathepsins generally contain a signal sequence, followed by a propeptide and then a catalytically active mature region. The very l... |
| NCBI                     | <a href="#">003784</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in Tris saline, 0.02% sodium azide, pH 7.3, 0.5% BSA.                                                                                                                                                                                    |
