## Product Datasheet

### **MCP4 (Macrophage/Monocyte Chemotactic Protein 4) (MaxLight 490), Clone: [4F2 G7\_89.3], Mouse, Monoclonal USB-M2750-18D-ML490**

|                          |                                                                                                                                                                                                                                                               |

| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Immunogen                | Recombinant human MCP-4.                                                                                                                                                                                                                                      |
| Produktbeschreibung      | MaxLight(TM)490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [4F2 G7_89.3]                                                                                                                                                                                                                                                 |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)490.                                                                                                                                                                     |
