## Product Datasheet

### **Peptidyl-prolyl cis-trans Isomerase A, Recombinant, Human, aa1-165, His-Tag, Myc-Tag USB-585717**

|                          |                                                                                                                                                                                                                                                               |

| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Catalyzes the cis-trans isomerization of proline imidic peptide bonds in oligopeptides. Exerts a strong chemotactic effect on leukocytes partly through activation of one of its membrane receptors BSG/CD147, initiating a signaling cascade that culmina... |
