| Artikelnummer            | USB-H7960-13A                                                                                                                                                                                                                                                             |
| Hersteller Artikelnummer | H7960-13A                                                                                                                                                                                                                                                                 |
| Alternativnummer         | USB-H7960-13A-100                                                                                                                                                                                                                                                         |
| Hersteller               | US Biological                                                                                                                                                                                                                                                             |
| Wirt                     | Goat                                                                                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                                |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                            |
| Immunogen                | Synthetic peptide corresponding to C-FHPAREKVLRSV, from human ZDHHC13, at C-terminal. Species sequence homology: mouse and rat.                                                                                                                                           |
| Produktbeschreibung      | Palmitoyltransferase for HD and GAD2. Mediates Mg <sup>2+</sup> transport. Applications: Suitable for use in ELISA and Western Blot. Other applications not tested. Recommended Dilution: ELISA: 1:16,000 Western Blot: 1-3ug/ml, observed in human brain (Cerebellum)... |
| NCBI                     | <a href="#">061901</a>                                                                                                                                                                                                                                                    |

|              |                                                                            |
|--------------|----------------------------------------------------------------------------|
| Reinheit     | Purified by immunoaffinity chromatography.                                 |
| Formulierung | Supplied as a liquid in Tris saline, pH 7.3, 0.5% BSA, 0.02% sodium azide. |
