| Alternativnummer         | USB-128335-FITC-100                                                                                                                                                                                                                                           |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Partial recombinant corresponding to aa160-259 from human IGFBP1 (NP_000587) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                   |
| Produktbeschreibung      | Human IGF-BP1 is a cysteine-rich secreted protein expressed in liver, decidual, and kidneys and is the most abundant IGF-BP in amniotic fluid. Levels of IGF-BP1 in serum are lowest after food. IGF-BP1 binds both IGF-I and IGF-II with equal affinity. ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [2F9]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">000596</a>                                                                                                                                                                                                                                        |

|              |                                                                                                             |
|--------------|-------------------------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography.                                                              |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Fluorescein isothiocyanate (FITC). |
