| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Full-length recombinant corresponding to aa1-253 from NXPH3 (AAH22541) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                         |
| Produktbeschreibung      | NXPH3 may be signaling molecules that resemble neuropeptides. Ligand for alpha-neurexins (By similarity). Applications: Suitable for use in FLISA and Western Blot. Other applications not tested. Recommended Dilution: Optimal dilutions to be determine... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [4C8]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">022541</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |

|              |                                                                                                             |
|--------------|-------------------------------------------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Fluorescein isothiocyanate (FITC). |
