## Product Datasheet

**OBFC1 (STN1, CST Complex Subunit STN1, Oligonucleotide/Oligosaccharide-binding Fold-containing Protein 1, Suppressor of cdc Thirteen Homolog, FLJ22559, RP11-541N10.2, RPA-32, BA541N10.2, AAF44, AAF-44, bA541N10.2) (MaxLight 490), USB-130680-ML490**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-130680-ML490-100                                                                                                                                                                                                                                          |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Full length recombinant corresponding to aa1-272 from human OBFC1 (AAH17400) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                   |
| Produktbeschreibung      | MaxLight(TM)490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |

|                  |                                                                                           |
|------------------|-------------------------------------------------------------------------------------------|
| Klon-Bezeichnung | [3G12-1B7]                                                                                |
| NCBI             | <a href="#">017400</a>                                                                    |
| Reinheit         | Purified by Protein A affinity chromatography.                                            |
| Formulierung     | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)490. |
