## Product Datasheet

### **OCA2 (P Protein, Melanocyte-specific Transporter Protein, Pink-eyed Dilution Protein Homolog, D15S12, P) (HRP), Clone: [1A11], Mouse, Monoclonal USB-130682-HRP**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-130682-HRP-100                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                | Partial recombinant corresponding to aa201-300 from human OCA2 (AAH12097) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                      |
| Produktbeschreibung      | Could be involved in the transport of tyrosine, the precursor to melanin synthesis, within the melanocyte. Regulates the pH of melanosome and the melanosome maturation. One of the components of the mammalian pigmentary system. Seems to regulate the p... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1A11]                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">012097</a>                                                                                                                                                                                                                                        |

|              |                                                                                                        |
|--------------|--------------------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography.                                                         |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with horseradish peroxidase (HRP). |
