## Product Datasheet

**OCLN (Occludin) (Biotin), Clone: [1G7], Mouse, Monoclonal  
USB-130686-BIOTIN**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-130686-BIOTIN-100                                                                                                                                                                                                                                         |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IF, IP, WB                                                                                                                                                                                                                                             |
| Immunogen                | Partial recombinant corresponding to aa423-523 from human OCLN (NP_002529) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                     |
| Produktbeschreibung      | May play a role in the formation and regulation of the tight junction (TJ) paracellular permeability barrier. It is able to induce adhesion when expressed in cells lacking tight junctions. Applications: Suitable for use in Immunofluorescence, ELISA, ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1G7]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">002538</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.                                                                                                                                                                              |
