| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Produktbeschreibung      | Control Peptide for C5837-10D (antiserum) and C5837-10E (affinity purified antibody). Synthetic peptide consisting of 18aa sequence near the C-terminus of rat CLC-3. No significant sequence homology is detected with other CLCs or other proteins. Ther... |
| Reinheit                 | Highly purified                                                                                                                                                                                                                                               |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2, 0.09% sodium azide.                                                                                                                                                                                                      |
