| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Purified Influenza Virus type B Strain: B/Tokio/53/99                                                                                                                                                                                                         |
| Produktbeschreibung      | Influenza virus is a single-stranded RNA virus, segmented, 70nm diameter and enveloped. Strains are described by geographic origin, strain number, year of isolation and hemagglutination (H) and neuraminidase (N) antigens. Applications: Suitable for u... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [8J198]                                                                                                                                                                                                                                                       |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| Reinheit                 | Purified by Protein G affinity chromatography.                                                                                                                                                                                                                |

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC). |
