| Hersteller Artikelnummer | M2360-02K-ML650                                                                                                                                                                                                                                               |
| Alternativnummer         | USB-M2360-02K-ML650-100                                                                                                                                                                                                                                       |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IP, WB                                                                                                                                                                                                                                                 |
| Immunogen                | Synthetic peptide (aa324-345) corresponding to a segment near the C-terminus of rat ERK1.                                                                                                                                                                     |
| Produktbeschreibung      | MaxLight(TM) 650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Co... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |

|                  |                                                                                            |
|------------------|--------------------------------------------------------------------------------------------|
| Klon-Bezeichnung | [3G184]                                                                                    |
| Reinheit         | Purified by immunoaffinity chromatography.                                                 |
| Formulierung     | Supplied as a liquid in PBS, pH 7.2. No preservatives added. Labeled with MaxLight(TM)650. |
