| Alternativnummer         | USB-N2030-58-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                            |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | A 15-aa peptide sequence mapping at the extracellular domain (within the unique 37-aa insert) of mouse NEPL-g. The amyloid beta-peptide (Ab) of 39 to 43aa (Ab40, Ab42, Ab43) is constitutively produced in brain upon proteolysis of the b-amyloid precu... |
| Reinheit                 | Highly purified                                                                                                                                                                                                                                              |
| Formulierung             | Supplied as a liquid in PBS, pH 7.5                                                                                                                                                                                                                          |
