## Product Datasheet

### **Anti-NIRF Antibody Picoband (monoclonal, 6B5) Biotin Conjugated, Clone: [Clone: 6B5], Mouse, Monoclonal BOB-M06294-1-BIOTIN**

|                          |                                                                                                                                    |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-NIRF Antibody Picoband (monoclonal, 6B5) Biotin Conjugated, Clone: [Clone: 6B5], Mouse, Monoclonal                            |
| Artikelnummer            | BOB-M06294-1-BIOTIN                                                                                                                |
| Hersteller Artikelnummer | M06294-1-Biotin                                                                                                                    |
| Alternativnummer         | BOB-M06294-1-BIOTIN-100UG                                                                                                          |
| Hersteller               | Boster Bio                                                                                                                         |
| Wirt                     | Mouse                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                         |
| Applikation              | ELISA, IHC, WB                                                                                                                     |
| Spezies Reaktivität      | Human, Rat                                                                                                                         |
| Immunogen                | A synthetic peptide corresponding to a sequence at the N-terminus of human NIRF, identical to the related mouse and rat sequences. |
| Klonalität               | Monoclonal                                                                                                                         |
| Klon-Bezeichnung         | [Clone: 6B5]                                                                                                                       |
| NCBI                     | <a href="#">115426</a>                                                                                                             |
| UniProt                  | <a href="#">Q96PU4</a>                                                                                                             |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                        |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                                                                                                                                                                                          |
| Formulierung           | Liquid                                                                                                                                                                                                                                |
| Target-Kategorie       | E3 ubiquitin-protein ligase UHRF2                                                                                                                                                                                                     |
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
