## Product Datasheet

### **Anti-Von Willebrand Factor/VWF Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal BOB-PB9273-FLUORO550**

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-Von Willebrand Factor/VWF Antibody Picoband Fluoro550<br>Conjugated, Rabbit, Polyclonal                |
| Artikelnummer            | BOB-PB9273-FLUORO550                                                                                        |
| Hersteller Artikelnummer | PB9273-Fluoro550                                                                                            |
| Alternativnummer         | BOB-PB9273-FLUORO550-100UG                                                                                  |
| Hersteller               | Boster Bio                                                                                                  |
| Wirt                     | Rabbit                                                                                                      |
| Kategorie                | Antikörper                                                                                                  |
| Applikation              | FC                                                                                                          |
| Spezies Reaktivität      | Mouse, Rat                                                                                                  |
| Immunogen                | E.coli-derived mouse VWF recombinant protein (Position: M1304-E1452).                                       |
| Klonalität               | Polyclonal                                                                                                  |
| Molekulargewicht         | Calculated Molecular Weight: 309269 MW                                                                      |
| NCBI                     | <a href="#">22371</a>                                                                                       |
| UniProt                  | <a href="#">Q8CIZ8</a>                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | von Willebrand factor                                                |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
