### Anti-Von Willebrand Factor/VWF Antibody Picoband HRP Conjugated, Rabbit, Polyclonal BOB-PB9273-HRP

|                          |                                                                                     |
|--------------------------|-------------------------------------------------------------------------------------|
| Artikelname              | Anti-Von Willebrand Factor/VWF Antibody Picoband HRP Conjugated, Rabbit, Polyclonal |
| Artikelnummer            | BOB-PB9273-HRP                                                                      |
| Hersteller Artikelnummer | PB9273-HRP                                                                          |
| Alternativnummer         | BOB-PB9273-HRP-100UG                                                                |
| Hersteller               | Boster Bio                                                                          |
| Wirt                     | Rabbit                                                                              |
| Kategorie                | Antikörper                                                                          |
| Applikation              | ELISA, IHC, WB                                                                      |
| Spezies Reaktivität      | Mouse, Rat                                                                          |
| Immunogen                | E.coli-derived mouse VWF recombinant protein (Position: M1304-E1452).               |
| Klonalität               | Polyclonal                                                                          |
| Molekulargewicht         | Calculated Molecular Weight: 309269 MW                                              |
| NCBI                     | <a href="#">22371</a>                                                               |
| UniProt                  | <a href="#">Q8CIZ8</a>                                                              |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit                 | Immunogen affinity purified.                                                        |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                |
| Target-Kategorie       | von Willebrand factor                                                                                                                                                                                                                 |
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
