## Product Datasheet

### Anti-MIF Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal BOB-PB9274-FLUORO647

|                          |                                                                                                                                                                       |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-MIF Antibody Picoband Fluoro647 Conjugated, Rabbit, Polyclonal                                                                                                   |
| Artikelnummer            | BOB-PB9274-FLUORO647                                                                                                                                                  |
| Hersteller Artikelnummer | PB9274-Fluoro647                                                                                                                                                      |
| Alternativnummer         | BOB-PB9274-FLUORO647-100UG                                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                            |
| Applikation              | FC                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                 |
| Immunogen                | E.coli-derived human MIF recombinant protein (Position: P2-A115). Human MIF shares 89% and 90% amino acid (aa) sequence identity with mouse and rat MIF respectively. |
| Klonalität               | Polyclonal                                                                                                                                                            |
| Molekulargewicht         | Calculated Molecular Weight: 12476 MW                                                                                                                                 |
| NCBI                     | <a href="#">4282</a>                                                                                                                                                  |
| UniProt                  | <a href="#">P14174</a>                                                                                                                                                |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                           |
| Reinheit                 | Immunogen affinity purified.                                                                                                                                          |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Macrophage migration inhibitory factor                               |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
