| Artikelname              | Anti-Kininogen 1/KNG1 Antibody Picoband APC Conjugated, Rabbit, Polyclonal                                                                                                                      |
| Artikelnummer            | BOB-PB9278-APC                                                                                                                                                                                  |
| Hersteller Artikelnummer | PB9278-APC                                                                                                                                                                                      |
| Alternativnummer         | BOB-PB9278-APC-100UG                                                                                                                                                                            |
| Hersteller               | Boster Bio                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                      |
| Applikation              | FC                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                           |
| Immunogen                | E.coli-derived human Kininogen 1 recombinant protein (Position: Q19-N210). Human Kininogen 1 shares 63% and 66% amino acid (aa) sequence identity with mouse and rat Kininogen 1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                                      |
| Molekulargewicht         | Calculated Molecular Weight: 71957 MW                                                                                                                                                           |
| NCBI                     | <a href="#">3827</a>                                                                                                                                                                            |
| UniProt                  | <a href="#">P01042</a>                                                                                                                                                                          |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                     |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Kininogen-1                                                          |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
