## Product Datasheet

### **Anti-EAAT2/GLT-1/SLC1A2 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal BOB-RP1065-FLUORO550**

|                          |                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-EAAT2/GLT-1/SLC1A2 Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                                                            |
| Artikelnummer            | BOB-RP1065-FLUORO550                                                                                                                                          |
| Hersteller Artikelnummer | RP1065-Fluoro550                                                                                                                                              |
| Alternativnummer         | BOB-RP1065-FLUORO550-100UG                                                                                                                                    |
| Hersteller               | Boster Bio                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                    |
| Applikation              | FC                                                                                                                                                            |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                    |
| Immunogen                | E.coli-derived human EAAT2 recombinant protein (Position: T461-K574). Human EAAT2 shares 96% amino acid (aa) sequence identity with both mouse and rat EAAT2. |
| Klonalität               | Polyclonal                                                                                                                                                    |
| Molekulargewicht         | Calculated Molecular Weight: 62104 MW                                                                                                                         |
| NCBI                     | <a href="#">6506</a>                                                                                                                                          |
| UniProt                  | <a href="#">P43004</a>                                                                                                                                        |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                   |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | Excitatory amino acid transporter 2                                  |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
