### Anti-PERM1 Antibody Picoband HRP Conjugated, Rabbit, Polyclonal BOB-A15642-HRP

|                          |                                                                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-PERM1 Antibody Picoband HRP Conjugated, Rabbit, Polyclonal                                                                                   |
| Artikelnummer            | BOB-A15642-HRP                                                                                                                                    |
| Hersteller Artikelnummer | A15642-HRP                                                                                                                                        |
| Alternativnummer         | BOB-A15642-HRP-100UG                                                                                                                              |
| Hersteller               | Boster Bio                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                        |
| Applikation              | ELISA, IHC, WB                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                             |
| Immunogen                | E.coli-derived human PERM1 recombinant protein (Position: R69-N763). Human PERM1 shares 50.1% amino acid (aa) sequence identity with mouse PERM1. |
| Klonalität               | Polyclonal                                                                                                                                        |
| NCBI                     | <a href="#">84808</a>                                                                                                                             |
| UniProt                  | <a href="#">Q5SV97</a>                                                                                                                            |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> .                                                               |
| Reinheit                 | Immunogen affinity purified.                                                                                                                      |
| Formulierung             | Liquid                                                                                                                                            |
| Target-Kategorie         | PGC-1 and ERR-induced regulator in muscle protein 1                                                                                               |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
