### Goat anti-SARS CoV2 Spike protein-RBD Antibody, Unconjugated BYT-ORB1517274

|                          |                                                                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Goat anti-SARS CoV2 Spike protein-RBD Antibody, Unconjugated                                                                                               |
| Artikelnummer            | BYT-ORB1517274                                                                                                                                             |
| Hersteller Artikelnummer | orb1517274                                                                                                                                                 |
| Alternativnummer         | BYT-ORB1517274-100                                                                                                                                         |
| Hersteller               | Biorbyt                                                                                                                                                    |
| Wirt                     | Goat                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                 |
| Applikation              | ELISA, WB                                                                                                                                                  |
| Spezies Reaktivität      | Virus                                                                                                                                                      |
| Konjugation              | Unconjugated                                                                                                                                               |
| Produktbeschreibung      | Goat polyclonal antibody to SARS CoV2 Spike protein-RBD...                                                                                                 |
| Konzentration            | 0.2mg in 0.5mg/ml                                                                                                                                          |
| Molekulargewicht         | 30 kDa                                                                                                                                                     |
| Puffer                   | Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH 7.3 with 0.5% bovine serum albumin. Aliquot and store at -20C. Minimize freezing and thawing. |
| Sequenz                  | 10 aa long, RBD of spike protein                                                                                                                           |
| Target-Kategorie         | SARS CoV2 Spike protein-RBD                                                                                                                                |
| Application Verdünnung   | Peptide ELISA: antibody detection limit dilution 1:2000.                                                                                                   |

|                        |                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Application Notes: WB: Approx. 30 kDa band observed in recombinant RBD protein. Recommended concentration: 1µg/ml. Primary incubation was 1 hour |
